

Swept The Province

Rutherford Administration Carried Alberta Yesterday—Every Member of Government Returned—Bennett Defeated—Eighteen Seats Secure for the Government

The Government swept the Province yesterday. While complete returns are not yet in the result in 21 of the 25 constituencies is considered. Of these 25 the Opposition captured one and in one a labor candidate was elected. This gives the Government 21 seats. In High River the Liberal candidate is leading and in Innisfail the issue is still in doubt.

Following are the returns up to date of going to press.

Constituency	Government	Opposition	Majority
Athabasca	Bredin	Acclamation
Banff	Fisher	About 50
Calgary	Cushing	25
Cardston	Woolfe
Edmonton	Hon. C. W. Cross	360
Gleichen	Stuart	Leads with 40
High River	Gallie leading
Innisfail	Simpson leading
Lacombe	Puffer	Leads with 4
Leduc	Telford	141, few polls to hear
Lethbridge	Hon. Dr. DeVeber	176
Macleod	McKenzie
Medicine Hat	Hon. T. W. Finlay	Small majority
Peace River	Likely Liberal
Pinch Creek	McLeod leading
Ponoka	John T. Moore	13 polls to hear from
Red Deer	Boyle	300
St. Albert	McKenney
Sturgeon Plain	McPherson
Sturgeon	Boyle	Over 300
Strathcona	Hon. A. C. Rutherford
Vermilion	McCauley
Victoria	Walker
Wetaskiwin	Rosenroll

In the city the enthusiasm of the crowd knew no bounds. Hundreds of small boys paraded the streets with torches and horns, the city band turned out and everybody was hilarious. Hon. Mr. Cross spoke to the crowd from the balcony of the Queens hotel, and was cheered again and again.

The returns from outside points were received at the Liberal Club rooms, where an immense crowd had gathered. The returns commenced to arrive at half-past six and were announced in the rooms and to the crowd in the street below. Vermilion was the first heard from and McCauley, Liberal, was ahead with a big majority from the start. Strathcona town gave Hon. Mr. Rutherford a majority of 79.

In Sturgeon, J. R. Boyle had a large majority at every polling division save one, Athabasca Landing.

In Stony Plain McPherson was elected by a large majority at all the polls.

In Pincher Creek for a while Sherman, Labor candidate, was leading, but the last report showed that Marcelles, Liberal candidate, would be elected.

In Medicine Hat P. O. Sessons, Conservative, was leading till the last when a report said that Hon. T. W. Finlay was only 8 votes behind, with only Josephburg to hear from, which would give him a majority of 25. In the last report Hon. Mr. Finlay was safe.

Lethbridge was doubtful for a while, but all fears were soon removed when the report came that Hon. Dr. DeVeber had a majority of 176 and his election certain.

In Banff Fisher, Liberal, was elected by a comfortable majority.

In Cardston, in two polls, Cardston and Magrath, Woolfe, the Government candidate, had a majority of 148.

In Gleichen first reports showed Hayes, Conservative, ahead, but the last report showed that Stuart, Liberal, was leading and would be elected.

In Macleod McKenzie, Liberal, was leading with 53 majority in town at two polling places, at Chesham with 10, and at Stareby with 11.

In Calgary, Hon. Mr. Cushing received 909 votes, Bennett 875, and McDonald, Labor, 328. There were 400 votes protested, and the Conservatives claim that Bennett will be declared elected in the courts on Tuesday.

Hon. Mr. Cross' majorities in Edmonton were as follows:

Poll No.	Govt.	Opp.	Poll No.	Govt.	Opp.
1	329	3	11	21	2
2	329	3	12	21	2
3	329	3	13	21	2

Fleming	18
Warden	18
McPherson's present majority	148

LATEST RETURNS

(Friday 3 p.m.)
According to the latest returns to hand the Opposition candidate was elected in Rosebud, the Labor candidate in Pincher Creek, Innisfail is doubtful and the Liberals carried the other twenty-two seats.

SIMPSON LEADS

Innisfail, Nov. 10, 3 p.m. — Simpson, Liberal, leads by 17 majority with three polls to hear from.

THE RESULT IN THE SOUTH

The result in the south is very gratifying. Indeed, in the eight southern seats, Medicine Hat, Lethbridge, Cardston, Macleod, Pincher Creek, Calgary, Banff and Gleichen, the opposition did not elect a candidate while the Government captured seven, and the labor candidate was returned in Pincher Creek. Haulfain's old constituency, Macleod, elected a Liberal and in the Pincher Creek part of it, the Conservative was at the foot of the poll.

Calgary is the victory of the campaign, and the result is a fitting rebuke to the Calgary Herald's campaign of slander. In its own city where it is best known the Herald and its candidate were defeated by the votes of conservatives who refused to stand for a campaign of vilification and abuse. Chas. Stuart's election in Gleichen and C. W. Fisher's victory in Banff are very gratifying to the Government. Both these members will be a valuable addition to the strength of the Legislature. Dr. Clark's defeat in Rosebud is regretted, as the Doctor would have made a name for himself in the new legislature.

STURGEON RETURNS

Boyle Knight	Boyle Knight
Turnip Lake	3
Belmont	3
Lobstick	3
Victoria	3
Athabasca Landing	3
Edwin	3
Varanka	3
Horse Hills	3
Poplar Lake	3
Sunrise	3
Vermilion	3
Lamoureux	3
St. Eugene	3
Cruzeot	3
Sturgeon Valley	3

Boyle's majority 311.
Nine polls to hear from.

THE MANDATE

The Rutherford administration won the first provincial elections yesterday by an overwhelming majority. The returns to hand are not yet complete and the polls still unheard from will affect in detail the results in many constituencies but the general result of the contest cannot be affected, nor is it likely the results from any constituency will be altered.

The issue of the Government was the progressive policy of the Rutherford administration and the result is a mandate from the people to carry that policy into energetic practice. Not less as the result a rebuke to the tactics of the Opposition who endeavored to belittle Provincial matters by dragging in Federal issues and to detract public attention from the policy of the Government and the policyless nature of their own campaign by haranguing the electorate on the clauses of an act passed by the Federal Parliament.

It is a matter for congratulation that every member of the Government was elected and no less a token of the good judgement of the Premier when picking strong men for the cabinet.

Good Government is only possible when the administration is supported by a loyal majority in the House of such dimensions as to assure continuance of power and ability to carry through proposed legislation. A Government can be useful and efficient only by planning broadly for the future and such is possible only when the Government has reasonable assurance that it will be maintained to carry such plans into operation and to a considerable degree of completion. An Administration which holds a precarious existence by the grace of a small majority is liable to be made the victim of the domination or design of the member or group of members who hold the balance of power.

Apply for the Province the Government's majority ensures its power in the house, from the administration from blockade by clique or faction and makes possible and immediate adoption of the constructive policy on which the Government appealed to the people.

The inauguration of this policy is the demand of the electorate and should become forthwith the business of the Government.

TELEGRAPHIC

RUSSIAN ATROCITIES.
St. Petersburg, Nov. 9.—As the details of what happened during the upheaval arrive, the story grows more revolting. In the Baltic Provinces murder, riot, and incendiarism is reported as even the clergy, Catholic and Protestant, participated in the manifestations. In south western Russia hardly a town or city escaped. A Jewish massacre occurred at Tomsk, Siberia. The whole population of 40,000 and military stood by while 600 men, women and children were buried in a theatre. The court house and mayor's house, where the students and revolutionists took men from the mob, were burned, and those who tried to flee were killed. In Moscow the social revolutionists, the "black hundred" and the Cossacks and police fought bloody battles. The descent of the butchers of Moscow with their knives and axes upon the students was one of the most horrible chapters, but not as pitiful, however, as the attack of "the black hundred" on a procession of school children. When the children sought to escape a cordon of police barred the way, and the youthful martyrs were beaten into insensibility and actually torn to pieces. In Alexander garden, Moscow, Cossacks lay in ambush in the shrubbery and set upon their victims with whips. Many were beaten to death.

MANY CARS REJECTED.
Ottawa, Nov. 8.—David Horn, chief grain inspector of Winnipeg, writing to Prof. Clark, head of the seed division, of the department of agriculture, on this season's wheat crop, says: "We have now inspected twenty million bushels of this crop, of which 85 per cent is of high grade, that is, two not one of better. We have never before had no much rejected for being mixed with wild oats and barley, cockle and ragweed. Ter-

minal elevators cannot take this out without special cleaning, and for this they have to make a special charge. The percentage of cars rejected in this way in nearly double what it was last year, and last year was serious enough."

CARD OF THANKS

North Independence, Nov. 2.—Geo. Reid and family wish to thank their friends and neighbors for so kindly helping in the search for their little son, Ross, aged 6 years, who wandered away with his big Newfoundland dog, Rover. The lad was last from two o'clock a.m. Oct. 31, till Nov. 1, at three o'clock p.m. When found they were walking side by side on a trail, 4-1-2 miles from home. There was a big crowd out of Holloven and all night searching, and the crowd increased till over fifty were out to join in the search.

W. J. Baldwin

CANADA AND WEST INDIAN FEDERATION

(Francis Dodsworth in Winnipeg Free Press)

Mr. Richard Jebb, in the course of his recent speech on Imperialism at the Canadian club, mentioned, may more than that, he advocated, the annexation of the British West Indies by Canada. This he did, speaking as an imperialist in the widest sense of the word, and it is not for me to discuss the advantage or disadvantage of this scheme from an imperial point of view.

During three years' travel throughout the West Indian islands I heard this subject discussed by a very large number of people and to a very considerable extent. Perhaps the Jamaicans, including the people of various nations, who, for several years, are living in the islands of Jamaica, showed more interest and expressed more feeling upon the matter than the inhabitants of Antigua, Barbados, Trinidad, St. Vincent, St. Lucia, Grenada and other smaller islands, which make up the group. But everywhere the feeling was distinctly against annexation. A positive statement is dangerous, but I will accept the risk. I do not believe that out of a population of two million, more than five thousand persons have considered annexation to Canada or federation with Canada, because under the circumstances the two words are synonymous, as a tangible, possible and desirable event.

The interests of truth forbid me to say that from time to time a wave of feeling does not pass over the West Indian islands in favor of amalgamation with the United States. More especially is this the case upon the northern coast of Jamaica. Along this coast owing to the wonderful enterprise, energy and industry of Captain Baker, the inhabitants of that part of the island have been dragged almost somewhat against their will, from that state of financial depression into which the great sugar slump threw them. It is an old story, but still I do not think that in this case American enterprise has met with the reward that is due it. In 1881 Captain Baker landed at Jamaica in a small schooner of 90 tons. He carried back to Boston—merely as an experiment—a few bunches of bananas. To-day between 25 and 35 freight ships, averaging from 2,000 to 4,000 tons each, call at the various ports upon the north coast of Jamaica every week and load bananas for Baltimore, Philadelphia, New York and Boston. These ships are the property of the United Fruit Co., which has a registered capital of \$5,000,000, and of which Captain Baker is the head. When I say that the number of Jamaican bananas exported into England cannot be more than 30,000 a week, it is easy to see that there can be no kind of comparison between the American and the English industry in this instance.

Not only has this flourishing trade in a native product affected everybody connected with the shipping, loading, and dispatching of the fruit, but it has also affected the growers of bananas. The United States Fruit Co. have arranged a system by which they buy and pay cash for bananas from one bunch to 10,000. In this way the small settler, who is in every case a negro, has found a market for goods which otherwise would have rotted on the ground.

The West Indian negro is excitable. But he is also grateful, although perhaps his excitability is larger than his gratitude. He has reaped benefits from American commerce, and at some periods of his existence he wishes to place himself under the government and under the protection of the nation which has treated him so well or rather, which has made up the shortcomings of the British merchants.

In Trinidad again the tramway service is exclusively American, and in this way naturally a large amount of labor is employed. If I had space I might go farther and enumerate other American industries which exist in the West Indies, but I think I have said down sufficient to elucidate my point. It is true that a certain feeling exists in the West Indies, towards annexation to the United States, but it is also true that this feeling is largely confined to the breasts of those who have either received benefits from the States directly or indirectly, or who have taken to their hearts the real definition of gratitude which is—as we know—"thankfulness for benefits about to be received."

The negroes of Jamaica are not untraveled and they know, if not from personal experience, from personal knowledge, the status of the negro in the southern States and the position of the negro north of Mason and Dixon line. Incidentally I may mention what I should have said before, that the colored people of the West Indies comprise 96 per cent. of the population.

Let us suppose for the moment that the imperial government, the government of the United States, the French government—which owns the islands of Martinique and Guadeloupe—were all agreed that Canada should obtain full possession of the British West Indies. Let us, I say, presume that inter-racial difficulties have been

swept away and that Canada has acquired the British West Indies. What kind of a property has she taken up? and what kind of prospects has she before her? What kind of obligation has she incurred? and to what expense would she be put? At present I am treating this question merely as a financial one, since finance in the aggregate is more powerful than sentiment, and sentimental notions can be dealt with later.

The only Fit-Reform Wardrobe here is at J. H. Morris & Co., Edmonton.

When War Shall Be No More

Five nations, or even three, banding together in a league of peace and inviting all other nations to join them could banish all war in the future. This opinion was expressed by Andrew Carnegie in his rectorial address to the students in the University of St. Andrews, Scotland. In outlining the plan for the league of peace, Mr. Carnegie said: "If the principal European nations were not free through conscription from the military authorities of Britain, the lack of sufficient numbers willing to enter the manly profession, we should soon hear the demand formulated for a league of peace among the nations. Five nations co-operated in quelling the recent Chinese disorders in Peking. It is perfectly clear that these five nations could banish war. Suppose we had three of them formed a league of peace, inviting all other nations to join and agreed that since war in any part of the civilized world affects all nations and often seriously, that no nation shall go to war, but shall refer international disputes to the Hague conference or other arbitral body for peaceful settlement, the league agreeing to declare non-intercourse with any nation refusing compliance. Imagine a nation cut off today from the world. The league also might reserve to itself the right, where non-intercourse is likely to fail or has failed to prevent war, to use the necessary force to maintain peace, each member of the league agreeing to provide the needed force, and money in lieu thereof, in proportion to her population or wealth."

"The Emperor of Russia called the Hague conference which gave as an international tribunal, and were King Edward or the Emperor of Germany or the President of France, acting for their governments, to invite the nations to send their representatives to consider the wisdom of forming such a league, the invitation would no doubt be responded to and probably prove successful."

"The number that would gladly join such a league would be great; for the smaller nations would welcome the opportunity. The relations between Britain, France and the United States today are so close, their fields of operation so clearly defined and so different that those powers might properly unite in inviting other nations to consider the question of such a league as has been sketched. The subject is well worthy the attention of their rulers, for of all the modes of hastening the end of war this appears the easiest and the best. We have no reason to doubt that arbitration in its present optional form will continue its rapid progress, and that in itself contains the elements required finally to lead us to peace, for it conquers wherever it is tried, but it is none the less gratifying to know that there is in reserve a drastic mode of enforcing the subject, which would promptly banish war."

ANOTHER SOUTHERN FEUD.
Knoxville, Ky., Nov. 6.—A special to the Journal and Tribune from Middleboro, Ky., tells of a reign of terror in the border cities that threatens to rival the feuds of Breathitt county. The Middleboro militia company spent Sunday in the mountains on the track of Frank Ball, wanted for murder of John Bohn.

Ball is reported to have forty men who intend to resist arrest to the last. Four miles from Middleboro the soldiers today attacked a blind tiger, roused it with bullets and succeeded in capturing nine of the men. Returning to the town the roll call of the company showed the absence of three men. Secretly practised, and it is asserted that a telegraph operator has been ordered not to send out any report of the trouble.

SENE IN ODESSA.

Odesa, Nov. 6.—The casualties in Saturday's disturbances exceed 140, at those of the preceding three days, which have been verified, number nearly 5,000. The plundering continued early yesterday morning in the outlying districts, but the town throughout the day was relatively calm, though the population is still anxious. The latest accounts of the devastation in the Jewish quarters add horror to the situation. Besides numerous mills all the bakeries, shops and nearly six hundred homes have been destroyed.

The Jews killed in every circumstance we treated with revolting barbarity. Skulls were battered with hammers, nails were driven into the bodies, eyes were gouged out and ears were cut.

Many died were disembowelled and in one petroleum was poured over the bodies found hiding in cellars and they were burned to death.

It is said that the police and soldiers everywhere marched at the heads of the mob, exciting them to destroy the Jews by crying "the Jews have killed our Emperor" and similar exhortations.

While the mobs were engaged in the slaughter the soldiers busied themselves pillaging the cash and jewels, looting the household goods to the mob. The owners of many houses got off the bandits by the payment of a ransom to the police. The police prevented any one from arresting looters, and prevented also the repress workers from aiding the wounded, actually firing upon those aided in this work.

A band students removed much of the stolen property to the university, whereby also took one hundred dead lies of anti-Jewish demonstrators whose relatives besieged the university. They threatened otherwise burn the university and kill the professors. Measures were thereupon taken to transfer those prisoners to the regular prison.

WINNIPEG MARKETS

[From the Commercial]

Trade in Manitoba wheat in the Winnipeg Market has shown a good demand most of the time. Prices seem to be influenced more by the fluctuations in the American market than by anything else, although the large bulk of wheat must go for export. The lake freight situation is seriously against prices. Owing to delay in unloading at the other side vessels lose at least one trip out of three they could make, and freight rates are higher in consequence, the rate now being 5c per bushel as compared with 2c at the beginning of October. The increase in freight rates decreases the price of wheat at this end. Today's prices are: No. 1 hard, 81c; No. 1 northern, 77 3/4c; No. 2 northern, 75 1/2c; No. 3 northern, 73 1/2c; spot or delivery first half November. Futures on the option market closed, Nov., 77 5/8c; Dec. 75 5/8c; May, 81c. All prices are for in store Fort William and Port Arthur.
 Oats—No. 1 new oats, 32c; No. 2 oats, 30c per bushel in car lots on track Winnipeg.
 Barley—No. 3, 36c per bushel; No. 4, 32c per bushel, car lots on track here.

Canada and West Indian Federation

Continued from page three

With the exception of Trinidad, and with the possible exception of Grenada, there is no British West Indian island which can honestly be called solvent. Every West Indian island obtains in some way or other either an imperial grant or an imperial preference. The imperial government for instance, is paying \$100,000 yearly to subsidize a mail service to Jamaica alone. From 1816 until July of last year, the imperial government has granted \$100,000 a year to assist the West Indian mail service throughout the island. It is true that this subsidy has been withdrawn, but today the mails are sent at postage rates and constitute no small expense to the imperial post office. In addition to these outlays, several West Indian islands—it would be unkind to particularize—have obtained grants from the imperial government which have been discreetly obliterated for the time being. Also Mr. Chamberlain, pursuing his imperial policy, inaugurated the sugar bounties for the benefit and assistance of the West Indian sugar planters.

Scarcely these facts are sufficient to show that the acquisition of the West Indies would not be a cheap bargain. There is worse to follow. The West Indian islands are governed regardless of expense. The official posts are given to men who have served their country well as a reward for their career. In some cases these posts are practically sinecures. In others they are seats of thorns and pillows of thistles. Each island maintains its own government officers, who, in the majority of cases, are responsible to the colonial office, and each island possesses, so to speak, a complete outfit of these valuable gentlemen.

For instance the island of Trinidad, which is forty-five miles long and forty miles broad, costs no less than \$100,000 per year, and the list is made up as follows:

The governor, \$25,000; colonial secretary, \$5,000; assistant colonial secretary, \$3,000; attorney-general, \$7,500; commandant of local forces and inspector of general police, \$5,000; auditor-general, \$3,200; chief justice, \$7,500; director of public works, \$6,000; solicitor-general, \$2,910; first puisne judge, \$5,000; second puisne judge, \$5,000; collector of customs, \$5,000; sub-landed crown lands, \$2,000; recorder-general, \$4,000; protector of immigrants, \$5,000; registrar-general, \$2,750; post-master general, \$2,750; harbor master, \$2,500; surgeon-general, \$5,500; inspector of schools, \$3,500.

When it is remembered that the British West Indian islands cover an area of thirteen thousand seven hundred and fifty square miles, these figures possess the almost ludicrous significance.

It would, of course, be absurd to say that the government could not be re-arranged and readjusted upon a more economical and sensible scale, but still a readjustment could not be made without some consideration for the feelings of the people for whose benefit the readjustment was being designed. The West Indies negro is not as the negro of the southern states. He is almost free from those scandalous crimes of violence which have made lynching a not infrequent operation, but at the same time he is not devoid of malice and he is most certainly not without insolence. English troops are quartered in Jamaica, Barbados and St. Lucia, although a project is on foot to withdraw the white troops from the last mentioned island. The maintenance of troops would therefore be another white man's burden for Canada to take up.

Taking the basis of business to be mutual benefit, then the basis of coalition must be mutual self interest, which again is the basis of all successful commerce. Could Canada consume West Indian products? or rather could Canada make use of all the West Indian products, supposing, of course, that she possessed a monopoly? The West Indies produces 400,000 tons of sugar approximately, and this would be too much for the present consumption of the Dominion. Again, tropical products are the same the world over, and in the absence of an imperial tariff there is nothing unusual about the products of the West Indies, except, perhaps, the very high quality of the Blue Mountain Jamaica coffee. It is true that two or three Canadian shipping companies at Halifax have endeavored to work up a tourist trade and their motives for so doing are easily understood. The beauties of the West Indies are great indeed. Varieties of climate, ranging from 98 in the shade to 45, can be found. Flowers and fruit have been showered upon the islands with reckless prodigality. Sunsets and sunrises occur which are if not unparalleled, at least unsurpassed. Consider then these facts.

Reflect upon the expense which the annexation would entail; remember the intensely English feeling of the inhabitants; take into account the hostility of the planter and the enormous difficulties of securing black labor in a country where the black man is as good as the white, if not better; face the reality that the

will soon be needed, and no doubt they will go with a rush.

If you want a first class up to date Cast Iron Range that has been a winner for many years, we have the "Happy Thought." There is more of this Range in use than any other one Range in Canada, and no person has ever heard of a poor one. Then, if you want an all steel and malleable iron range, we have the "Monarch." You cannot break this range, and it has a mirror polished top which makes it a thing of beauty to look at as well as to use.

For any up to date line of heating stoves we think we have them all beat. It is not a case of you having to take what we have; our assortment justifies us in saying you can get just what you want from us.

We have from the smallest to the largest heating stoves in any style and for any purpose, to burn both coal and wood, or both. The prices are made to suit the pockets of all, and while we make only a very small profit on each stove we think the quantity we sell justifies us in saying that we can sell on so close a margin and still hold our own. We have everything in Stove Trimmings, and first class Mechanics to deliver and put them up. Do not waste time in looking all over the city, but come direct to us.

RAILROAD WAR

IN BRITISH COLUMBIA

C. P. R. Men Fight to Defend the Monopoly Against Competition

Vancouver, Nov. 9.—Advice from Midway are to the effect that gangs of men on the C. P. R. and G. N. R. construction are fighting for the right of way. Five hundred men of the G. N. R. swooped down on the C. P. R. men, knocked their tents down and drove them out. The C. P. R. hired all the men they could, the Great Northern also increased its force until it was 600 strong. Jim Hill's gang tried to force its way, but as soon as they laid track the C. P. R. tore it up again. Matters are serious, Chief Engineer Kennedy is in charge of the Hill forces, and F. W. McLane of the C. P. R. Both sides are determined not to give way.

RIOTS IN CRONSTADT.

Cronstadt, Nov. 9.—During rioting Wednesday night machine guns were employed against the mutinous sailors, who had been joined by a battalion of artillery from Fortrep, and which raised the number of machine guns to 3,000. It is difficult to ascertain the casualties, but officers place the figures at 200. Many wounded are in the hospitals. Roughs joined in the pillage and many workmen and the civilian population have fled, or are trying to flee. The dock yards are piled with household effects. At this hour the city is filled with reinforcements from St. Petersburg and others are still arriving. Though order has been restored the fires are still glowing.

CANADIAN HONORED

London, Nov. 9.—Amongst the King's birthday honours James Robert Cowan of the Senate was created K.C.M.G. for services in settling the French Newfoundland difficulty. Gen. Lake William Saunders director of experimental farms and Geo. Doughty of the Archives Department were created C. M. G. Col. Pellat was created Knight Bachelor.

JOINED SALUTES

New York, Nov. 9.—The English and American warships fired in unison at noon the national salute of twenty-one guns in honor of King Edward's birthday.

REJOICING IN STRATHCONA

The electors of Strathcona gathered in the Odd-Fellows Hall over Douglas Bros' store to hear the election results. Much enthusiasm was shown by the Liberals as the returns came in and showed that Premier Rutherford was elected and that the Province was behind him. When the returns from Calgary came and showed that the Hon. Mr. Cushing was elected over R. B. Bennett, the Liberals cheered wildly which was repeated again and again when the Premier entered the hall. A torchlight procession was formed in the midst of which were the Premier and several of the leading Liberals of the town in a carriage drawn by supporters. The procession paraded Whyte avenue and thence up Main street to the Hon. Rutherford's residence where Mrs. Rutherford and family were escorted to the carriage. The procession then went south along Main street, to the square in front of Rev. Corey's residence where a bon-fire was lit for the occasion. A speech was made from the carriage by the Premier, who thanked the people for their cordial support and assured them that he was deeply sensible of his indebtedness to them and assured them he would do his best to merit the confidence reposed in him. Judge Sifton, Mr. Ritchie, Mr. Macdonald, Councilor Douglass, Dr. McIntyre, Mr. Mills, Scottie Lang and Rice Steppard also addressed the gathering. It is quite needless to say that the remarks made by the different speakers were greeted by hearty cheers. The following were among the mottoes on the banners carried in the procession: "Our Premier a Strathcona man," "The people have spoken," "Alberta united," "An honest man," "Rutherford is all right," &c. The procession disbanded about 10.30. It was certainly a great thing for the Liberals who shouted themselves hoarse at this their first great Provincial victory in Alberta.

Strathcona, Nov. 9, 1905. Dr. Keane an Eastern man is registered at the Royal. He is desirous of locating in our town and is favorably impressed with its future possibilities. The Dr. spent some time looking over Calgary and vicinity but much prefers Strathcona and Edmonton to the southern metropolis. Business is good in Strathcona and the merchants are feeling happy. As the money received by the farmers for crop begins to circulate they find themselves in a position to meet their obligations more promptly. Mr. Brett, late of Orangeville, Ont. is now in town. He is much pleased with the general climate and greatly impressed with the capabilities of our great country and its present rapid development.

LOCAL

—Probe—Fine and mild.

—Preparations are being made to build a large three story addition to the Richelieu hotel.

—Mon Hipkee, a Chinaman has opened a restaurant opposite Cushing Bros. planing mill.

—Waterworks and sewerage systems are being laid on Second street from Athabasca avenue to Peace avenue.

—Work is progressing at the natural gas drillings of the Northwest Gas & Oil Co. Jasper Avenue, east. A depth of 1350 feet has now been reached, and there are good indications of gas.

—The elections are over, but don't forget the great treat still in store for the Edmonton people, "The Making of the Nation," by Rev. John McNeill, of Winnipeg, Monday evening, Nov. 13th.

—The work on Harrington & Maloney's new hotel, corner of First street and Isabella street, is going ahead rapidly. The hotel will be three stories, and will be one of the finest equipped in the city, costing something like \$20,000 when completed.

—M. Jean, a young man from Paris, France, who has been travelling through Canada for the past year, arrived in the city last night and is registered at the Windsor. He is delighted with the country and intends to settle here.

—Two teams standing on Jasper avenue yesterday afternoon, one belonging to Ross Bros. and the other to Somerville & Son, became frightened by one of the telephone men who was working on a pole nearby, and created some excitement for a minute or two.

—A Galician was unfortunate on Wednesday afternoon when walking through the east end of the city alone on Kinistino avenue, near Paul Rudy's store. He lost the sum of \$109.75 in a roll, his wages for several months. A reward of \$10.00 will be given to the finder on returning to the Bulletin office.

—A party of Bell Telephone men are in the city in charge of J. Bull, of Calgary, and are doing some work on the telephone system. They are stringing more cable on Jasper avenue, and are setting in an additional switch-board, to handle the work in hand. This work is only temporary, however, until a new system is adopted.

—The new stables at the fire hall are now completed. They were built in the rear of the old stables, which were torn away, thus enlarging considerably the front hall. There will be stalls for six horses in the stable, as it is intended to purchase two more horses for general purposes. The new cement hose tower is also nearing completion and will be 74 feet high when completed.

—Harold Jarvis will give a concert in the Strathcona high school Friday evening, November 10. Mr. Jarvis will not appear in Edmonton this time. Plan of hall at Archibald's drug store. dy 256-260 pd

MESSAGE FROM HIS MAJESTY

In answer to a message of congratulation sent His Majesty King Edward on behalf of the citizens yesterday, Mayor McKenzie is in receipt of the following message:

Sandwich, Nov. 10, 1905.

K. W. McKenzie, Mayor, Edmonton, Alta.: The King asks you to convey His Majesty's sincere thanks to the citizens of Alberta for their message of congratulations on his birthday.

KNOLLYS.
